FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog.* You can also view the National Archives microfilm locator on our web site at *www.archives.gov.*

INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfilmed records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported To General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, decease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.[1] Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."[2]

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.[3]

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various aliments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.[4]

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from $2 to $7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.[5]

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of corps, Tillson instructed his officers to secure contracts paying men $12–$13 per month, and $8–$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and south-western Georgia, where "good crops" could be raised, men were to be paid $15 per month, including board and lodging, and women $10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."[6]

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381orders for transportation for some 2,947 men and 1,013 children.[7]

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed $50, or the punishment did not exceed $50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.[8]

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.[9]

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during it first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to taken on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.[10]

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some $21,000 for state superintendents' salaries, the Act made available $500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly $105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional $10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.[11]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

A. Asst. Comr. Bureau R. F. & A. L.
Brunswick, Ga.

Lieutenant:

I have the honor to report that there are no schools for colored children in my Division, now open.

There is but very little or no opposition to schools for colored people or poor whites, though no apparent disposition to render assistance to any enterprise of this kind by those who are able to do so.

There are, I think, colored people enough at Blackshear, this place, and at N. 12, A. & G. R. R. so that schools might be started with profit, but the greater part of the necessary funds would have to come from outside sources, in these places.

General-

I have the honor to submit that the Government boat will be needed almost constantly during the coming months, on official business, that when short trips are made, Pilots & boat hands, demand high wages, $3.00 & $4.00 per day, that all labor will soon be scarce & high here, owing to the great demand for ~~labor~~ it, that the boat needs careful & constant watching, each day some cleaning or repairing — and would therefore request authority to employ a Pilot, (who will have constant Charge of the boat) at a salary of 40 Dolls per month —

Inquire if School can be started at No 8. will people pay board of teacher? Aid in Erecting School house? Can the Freedmen purchase lot. or lease one of you, for School building? Do you know of a suitable room at No 8 for a teacher —

the services of a good Competent Southern teacher — who with him = self will act in harmony with the Bureau or any Benevolent organization selected & have charge of the Freedmens interest in that section. Mr Michael is a true friend of the Colored people — is perfectly acceptable to them. He can over come all prejudice & enlist many White members of his church that would not countenance a Northern teacher

Heretofore land could not be purchased by Freedmen Except at 20 & 30$ pr acre.

I respectfully suggest that a portion of this place be laid out in small lots say five acres Each & sold to the Colored men at a rate to pay for the whole. Many of them would purchase at low rates & become free holders — better men — wielding an influence over their next for good.

over

I propose with the consent & sanction of those having control of these matters to proceed there among my old friends make a Speciality of this matter & Collect Means to pay for the place — make the necessary improvements & Establish not only Schools — but an Agricultural Experiment = al Farm, & a home providing place for freedmen.

Sir -

I have the honor to request information of yourself on the following subject - It is perhaps unnecessary for me to state that you have become known to this office, & that we will afford help in all that will in any way advance the best interests of the people of your County - Have a School for Freedmen been started and who? Will the people pay the board bill of the Teachers? (The Salary paid by Bureau or Officers of Army.) Do you think the people will aid in erecting a School building, by contributing a portion of Lumber or Labor? Do you know what the Freedmen would contribute a lot - for which to erect School House? Will you write & tell this one Yourself?

I think we can afford some little aid for the building - We will pay Teachers Salary, if boarded by the people - Do you know of a suitable person able & whom you can recommend as Teacher, (either White or Black?) Hoping to hear from you soon, & that you will excuse the liberty I am taking in addressing you so abruptly - I am very respectfully

In accordance with your directions I called on Miss Emerson on the 29th inst. and stated your proposition to her. She says that, inasmuch as she has written to other parties in regard to a colored school, she can not accept the school at Satilla Mills until she hears from them. Although if the reply to her letter should be adverse to her wishes, she thinks she would like the school at the Mills.

I promised to write General Boyce a statement of these facts. so that, if he should choose to select and recommend Miss Emerson for the school there, he could do so, as I presume there

Dear Sir

Your note was handed to me by Edmonds & contents noticed. In reply I can say I have allowed the Colored people to build a church on my land, and have the privilidged to use it for that purpose, but as for leasing the land I cannot — as the lands are owned by myself and another party who I have never consulted in the matter. In regards the School I do not think the church would be a good place for it is in a obscure corner in the neighborhood, and a hard matter to obtain board, any aid you can give them to complete their church I would be glad.

Very Respectfully

Yours

The Estimate is "approximate", for the reason that the boat is in constant use, and an actual Estimate could only be obtained by hauling her up and examining closely. which can't be done till two more trips are made up the Satilla, and for these she must be held in readiness-

Inclosed please find a check for $65 - $45 as salary for Mrs. Denman, and $20 towards her board. This is all we feel we can do. If it is not going to be possible to raise the board for a teacher at St. Mary's, I do not see how we can continue a school there after Mrs. Denman's term of service closes. We hope however to hear something more favorable from St. M.

Dear Sir.

R. Cards are received and are sufficient and satisfactory.

The only way for us is to get control of a school building is to own the lot on which it is built. I suppose that in B. is either on public grounds or on a lot owned by trustees and held for school purposes, and if so, how can we get possession?

Our policy is to get a permanent hold on a place by owning the school premises and putting up a mission home, and as soon as we can a chapel and gather a church.

If we could have bought the lot at the first and then had a building erected on it, an end so far would have been accomplished, but how can we come in possession now? That's the question. Here's another. Why don't you send the A. M. A. your wedding card?

I write to you concerning Colin Dorseaux agent of the Freedmens Bureau of this Island. Colin Dorseaux called on me to engage me to teach the Freedmen children but I refused to have anything more to do with him. I opened a school for Freedmen children on this Island and

Mr Lawson said if I would not teach thirty that way it would be impossible to get any salary and I would have to give up the situation. I firmly resented the teacher's action and the prohibition of change at the same time I told Mr. L. that I conducted night school to pay expenses and that Miss Mould be over seven thousand of a thirteen person under probation. Instead of that Mr L was to give me his own night Mr. Mould to Teach Mr. Nichols to Teach the night school the keys of the Association Chose to pay me for the position. If that Mr Nichols it should make no difference to me. Mr. Nichols as Mr

I then received a letter from Mr Nichols stating that he would not teach the night school

Miss Mould Spoke to Mr Lawson about getting the night salary but he told her "I want to control it" "Let enough alone" I feel certain he will make no effort to increase my salary and if you will be so kind as to speak about it, I shall feel very much obliged to you

I enclose you the blanks that I have filled I did not know exactly what to put down but I put down as near as I could

Mr Nichols Will you please inform me if I will have to do anything

A letter from Misses Burke & Wilkins, is very discouraging as to their prospect of remaining at Brunswick. They are among our best, bravest &

hardist Teachers. They have endured more privations than any other Teachers we have had & yet they say they can hardly stay at Brunswick with their present fare. If they can not remain it would be useless to send any one else. I have written them to employ a servant & expend whatever money is necessary to make their living comfortable.

can not there be something done to make their Quarters less dreary & more homelike?

Dear Sir;

Your favor of the 29th ult., respecting the lady teachers at Brunswick, is at hand.

The remedy for discomfort which you suggest is of the best nature, but impossible in our present financial position. We ought to have had a home in connection with the school building.

very soon the School building will be turned over to Trustees in Brunswick and then we shall be able to collect twenty dollars per month rent on it for the two Teachers. With this we will pay the rent of the house in which the teachers live and make any repairs to keep them from suffering with the cold.— I fear however that the ladies have become so dispirited that they will not stay contentedly and if we make another trial we shall be obliged to send you a male teacher.

Will you please furnish me a statement of the buildings, giving some name to each one, where the schools of the A. M. A. are taught, so that I can collect the $10. per month from the Bureau at Washington?— Will it not aid you in collecting a similar rent for other teachers in your District if we take them on our rolls? If so please send their names, localities, School buildings &c. Please give

Atlanta, Georgia, January 18th 1868.

Lieutenant,

I was much surprised to learn from Major Lewis on his return from the coast that so little progress had been made upon the school building at Brunswick & that it was being built on such an expensive plan. I supposed that the building was about finished & that but few more bills would yet come in on that account. If you will refer to my letter of July 29th 1867, you will see that my calculations were based upon a cost of $2,500 & to be completed in October. I certainly did not imagine the cost would exceed $3,000 & owing to delays that I understand, did not expect it would be finished at that time. But from the Majors account, it is still very far from completion. Already about $4,000 has been expended & from the estimates he brought I see that the calculations are for an expense yet of over $2,500.

This will have to be cut down & the work pushed forward with all rapidity. The painting can be reduced by putting on a dark colored wash on the outside & simply oiling the inside. It is not necessary to hard finish the plastering, two coats rough is sufficient. The seats & benches should be seasoned

[illegible] inch stuff. [illegible] got a competent buckster? One that knows how to push the matter? If not, you had better procure one.

Please keep me posted as to your progress & what you require & I will help you along, but above all things hurry the work through.

The bills and rolls of labor on the School House have been received. Through the Asst Comm. there is no necessity of forwarding these papers through his office as I have the orders to do the same. and they pertain to my office only.

I wish you to send me at once a close estimate of what more expense the building is to be. It has now cost nearly $7500 — about twice what was intended at first. If there is much more to be paid to complete it. we shall have to learn it ourselves as we are nearly out of funds

[redacted] this purpose. I asked [redacted]
[redacted] last month which
I never received. [redacted] would
keep me posted as to the difficulties
in the way and let me know what
was required. I could aid the
matter and save much [redacted]

I am greatly disappointed in
the Expense and Time on this
building. Considering its size
and capacity.

The bills will be paid
in a few days. We have no
funds on hand now for school
purposes.

Yours of the 25 ult. was duly received. We are unable to secure return Transp^tn for our teachers from the Bureau, and have forwarded checks to most of the teachers in your Dist., sufficient to supply them with the means with which to come North whenever it shall seem best, and will fur-

We hear from Miss Russell and Champney hopefully of the payment of the arrears of board, consequently do not decide to have them break up their school, until we learn discouragingly of it. You will please send the others teachers home when you think necessary on account of the unhealthiness of their localities.

Yours of 20th concerning teachers is received. You may rely on twelve teachers for next year either from A. M. A. of Bureau, provided the people will board them. I judge they can do that from a letter you wrote Col. Lewis not long since concerning good crops, &c. I have some money for teachers, - some from Bureau, & some from Peabody Fund. I shall distribute it in the way that will induce the people to do the most to help themselves.

Please write me when convinced - at what places you want the teachers; how many at a place, how many pupils; - ~~to teach~~ what kind of a house; & how much the people will do. Please give me this as nearly as you can without too much trouble. If you can find good teachers on the ground I shall be willing to aid them; but I desire to be very careful in the matter. I should like to know the names & qualifications of any you may know. When will it do to open schools in your district?

Sir:—

Your report of school matters has been read. I am, as yet, unable to find any person to fill the place at Hopkinsville. There is a young colored man here—a very good man, would act as collector, interpreter, &c.—speaks quite well, & would be just a fair teacher for beginners: he is the only person of whom I know. I hope A. M. A. will send.

Please furnish me a list of all whom you put under Orderly Pay—and the date of their beginning School—and ask them to write me that I may furnish them with blanks.

Please make application for what you think will be needed at Sterling, stating whether a teacher can be found for that place &c.—If teacher can be had I think the aid will be granted.

Dear Sir

This will inform you that I have commenced School. I must confess the prospect for a School is not so brilliant as I could wish but I hope it will brighten. I have been teaching now this is the fourth day & night. My Day School starts numbered fourteen the 1st day. Night School 4. Since that time I have had about an average of twenty five scholars attending the Day School without any increase in my Night School. I do not think that the Freedmen will pay me enough to support me. Will you get the Salary for me.s I will collect what I can from them & turn over to the Soulees, or otherwise as you may direct.

From what I can learn the building is not progressing as fast or well as perhaps it might were it in the hands of more energetic men.

I will do the best I can. Let me hear from you soon.

Sir.

I have the honor to report the following outrage to you & respectfully request that I may at once be furnished with instructions how to proceed in the matter. On Saturday morning July 14th 1866." I received information that two white men had just arrived in this City, from Camden Co. Ga. having in charge a Negro-["January Edwards"] who had a chain around his neck & arms, locked at the throat, he was also handcuffed - I went myself & arrested all the parties, I brought them to this Office - after examining the papers which the white men had in their possession, I ordered the handcuffs & chain taken off the Negro & sent him up to the Barracks, where he is to be kept until further orders. the paper in question I forward to you for your examination. the arrest caused a

good deal of excitement. The Acty Mayor of the City, came to my Office to see about it. I showed him the paper, which is supposed to be a true extract from the Criminal Docket of Camden County for July Term of 1866} he examined it & advised with Edw. C. Harden Esq Corporation Attorney. He. "Edw" Harden Esq informed me that the proceedings in the case, were illegal & that the Mayor had nothing to do with the case. the two men who brought the Negro. here are still in the City, & they intend to leave on Tuesday. Shall I arrest them. please telegraph me whether I shall or not. The two white men state that the chain & handcuffs were put on by order of Charles Schweck Sheriff of Camden Co. Ga.

My dear Sir

I have a great deal of trouble in controling my Freedmen an Armada and ten in Number picked up about the streets of Savannah as you may possibly remember from my application for transportation. They are putting me a nice place on Island in the Altamaha River I with my family reside near Bamswick The residence of Col_ it is so inconvenient and troublesome for me to communicate with Darien the residence of the agent of the Bureau that I beg the favour of you to put my plantation Cambow Island under the charge of Col Ehlers_ who is willing to take it if you approve It is impossible for me to get on amicably and tranquilly with my labourers without the moral influence of the agent and it is utterly impossible for me to get any aid or influence from Mr Pease the agent at Darien and I shall be obliged continually to trouble the Bureau to send the Superintendent from Savannah which will be a mutual inconvenience I would gladly avoid I therefore earnestly hope that you will consider

favorably Mr Asquith and I shall both feel and appreciate
the obligation -

Sir I have the honor to report that my attention has been called by a number of men from the north who are intending to settle upon the sea Islands to the fact that almost the entire sea Islands (save those perhaps adjacent to Brunswick) are to be sold at public auction from month to month as the circulars are to be issued when required, and after learning that an auction sale will be necessary I thought to submit for your consideration the practicability of an alteration in this district (by providing one with the proper means of transportation) and include all the sea Islands in the same. as an instance that some means should be at my command to reach the isolated places with as little delay as possible I mention the case of Mr Nightingale who has employed on his own

place 105 freed people. who became so ungovernable that only twenty seven could be induced to work. the others amusing themselves shooting & hallooing the mayor each morning that "he could elect three days" to rule at this moment- the crop was suffering & promised to have been lost- except for the assistance rendered by myself at the request of Lt Howe. upon visiting the plantations I found the freed people in a most turbulent state many of them armed & the owners afraid to remain on his place to attend to its necessities. took three cavalry men with me & left them there with directions to restore order and to see that the conditions of the contract were complied with. on my return to the place a few days after I found order entirely restored. and all the freed people at work but two who were sick. This state of things exists to an alarming degree & perhaps for good reasons as the poor freedmen can be cheated on these isolated places without it ever reaching the ears of an Officer of the Bureau. I have formed an estimate of this on a large plantation where 70 bales of cotton were made last year. and got- dividend. This plantation was worked on Shares. and of course a fair division should have been made long ere this. Another great

Evil are a gang of men who come here from Savannah in fishing Smacks. and encourage the Creek people in stealing. Cotton Rice and other produce is brought up at a mere song. and not only does this evil stop in theft. but it also encourages idleness and in this particular the most serious consequences are to be apprehended. There seems. but one way to meet these necessities. and at the same Time to render prompt assistance to all parties and prevent abuse of any Kind ~~of~~ being perpetrated upon the Creek people which is to attach all the Sea Islands to my district. and furnish me a small Steam Boat. (the Sea Coast now in my possession is fit only to visit. place near Brunswick. no Sane man would risk his life in her ~~in~~ a rough Sea) which can be run at a very small expence to the government. and with this means of Transportation I could visit at regular intervals the isolated places. the affairs of the Bureau in the Sea would be curtailed. and the condition of the Creek people. advanced. I would urge a favorable Consideration of this letter

I. No of Contracts filed, and registered in this office? ——————

II. No. of Employees included in above contracts? ——————

III. Average rate of wages per month? ——————

GENERAL REMARKS.

Employers, working under written contracts made in previous months, are generally well satisfied. Those working by the day, or only from month to month, refusing to contract for any certain period of time, form a not very numerous class, but on which ~~of turn out by the full of the~~ Bugaboo in collecting wages. There is an earnest desire to "make a crop" on the part of those who are to share ~~a proportion of~~ the products, with the owners of the soil as shown by the steadiness with which the Freedpeople labour - The conduct ~~of this class~~ and treatment of these two classes, is good - ~~a most of the~~ a desire to carry out contracts in good faith, gnerally prevails - .

I. No of Contracts filed, and registered in this office? ——

II. No. of Employees included in above contracts? ——

III. Average rate of wages per month? ——

GENERAL REMARKS.

The Demands for labor~~ers~~ continue to be greater than the supply- this goes far towards insuring the Freedmen good treatment from their Employers, which they generally receive.

The crops have been injured very much by heavy rains. Those who have planted for a "share" see little prospect of realizing enough from their Summers work to keep them through the winter. In localities where cotton was the principle article planted, the effect will be very bad. The Freedmen continue to labour well and intemperance is being lessened by degrees, Since~~t~~ as Sincere Temperance Societies can be established.

The Schools are closed for the Summer but there is an earnest desire among the people to have the old ones re opened in the Fall, and new ones in various places established.

Every Deputy Keeper, of which there must be many will the County is required, unfortunately, would have frequent occasion because the mysterious method upon the mind of an ignorant human by simply doing Oaths out of the Keeping of a few days work. whereas the Clerk of Courts always before Eyes, would be less inclined upon more serious matters with this Office, thus being Oaths effaced for a time, so abridged the writing of the Instruments. matter how short — & the

REPORT OF Sub Ass't Commissioner, Sub District of Brunswick Ga, for the month of September 1867, containing the No of Contracts, No of employees, average rate of wages, and general conduct, treatment, &c, of Freedpeople for the above named month

I. No of Contracts filed, and registered in this office ? None

II. No. of Employees included in above contracts ? "

III. Average rate of wages per month ? "

GENERAL REMARKS.

Altho no Contracts have been filed during the past months, the people have been labouring well- Some misunderstandings between Employers and Employees, have been adjusted in time to prevent- any serious disturbances.

The differences have universally arisen from the question as to how much, under the task system, constituted a days work. Where the Contract called for more than the Freedpeople supposed or claimed that it did or ought, and the decision was against them (or their claims,) the effect was for the time being to shake their faith in the justice and friendship of the Arbiter- It seems that the Contract System is open to very serious objections- Take a decision which requires to be based upon the written Contract, against the Employee, who will often be the plaintiff, and if he has forgotten, or misunderstood from the beginning the full force of his obligation, he, in nine cases out of ten, immediately infers that he is wronged- In this spirit any attempt to compel the fulfillment of his part of the contract kindles the conviction in his own mind that he has been wronged- and he logically concludes from these premises that the writing to which he put his name, was a delusion and a snare- that it has taken the place of ownership- Having listened to this Course of reasoning repeatedly, I am convinced that written Contracts must be discontinued, that they fail to accomplish the End in view, viz: faithful performance of certain amt of Labor for a stipulated Sum- It has been observed that employers who had Capital which enabled them to do so, by prompt payments, could always control what Labour they needed without other than a verbal agreement-

In Wayne co. affairs appear to progress smoothly there are but very few complaints from there. In Charlton Co there are but few Freedmen, about 50 voters, they are engaged at the Turpentine factories. The reports from there are very encouraging. There were but few slaves in this county, and many of the whites being opposed to slavery from principle and a better feeling exist there than in many parts of the Division In Camden co some of the whites have been inclined to try to make the freedmen break their contracts, that they might drive them away and thus secure the whole crop. There is a class of evil disposed people who having been in the habit of appropriating all the proceeds of the labor of the colored people, strive to continue to impose upon the ignorant. As the whites keep all the accounts they have the opportunity to cheat the freedmen. They require watching

But the Freedmen in all parts of the Division are very anxious to have schools that they may learn to protect themselves.

They are learning their rights and demanding that benefit of new privalages granted by the great change in their condition

I. No of Contracts filed, and registered in this office ? None

II. No. of Employees included in above contracts ? None

III. Average rate of wages per month ? $15.00 None

GENERAL REMARKS.

No Contracts have been filed at this office this month The Freedpeople in the city are working by the day. those on the plantations are working well, securing their crops. In Glynn Co. the Freedmen are doing well and appear satisfied. Except that money is very scarce just now. Cotton & Rice are the main dependence for raising money, there not being corn enough raised for home consumption, It is expected those on the Rice plantation who have attended to their work will have an abundence for the winter, a few (perhaps 100) superannated in this county will require assistance from some source. the civil authorities have taken no action for their assistence. The heavy rains have flooded the County so that communication has been nearly cut off.

GENERAL REMARKS.

The Schools of this Division are now vacant - every one being employed in gathering their crops.

Harmony exists - however I anticipate some difficulty in the division of crops - I would advise that wages, in money, hereafter be given instead of portion of the crop. The continued rains has damaged the Cotton Crop to some extent, but believe it a wise decree of the Creator, as I deem it will have a tendency to cause the growing of provisions instead of Cotton.

But little difficulty exists between the planters and freedmen — ignorance being the cause generally The planters are low spirited owing to the partial failure of the Cotton crop, and its downard tendency in market

Very little money in circulation, it (money) being hoarded by the planters — Stock & produce being the medium of exchange — many having gold and silver laid away for the "financial crash" that every body in this vicinity thinks inevitable

III. Average rate of wages per month.

Remarks.

The past month has developed the fact that the Cotton Crop in this Sub Dist, will not be over one fourth of a yield - there is almost a unanimous decission among planters not to attempt it to culture another year - Fortunately those who planted it at all did not make it a Sole Dependence - and corn has been raised by the Freedmen pretty generally, but not sufficient to last them through the year. Tho the heavy rains in July injured the Corn Crop, the lack of an ample supply must be ascribed to but one cause, viz: lack of disposition to work and raise it. and should distress for food occur before another harvest, (which it is believed will be the case) the people have only their own indolence to blame.

The hands upon the rice plantations, worked very well generally, but upon the task system, and could not be coaxed or hired to perform any more than the allotted daily task, which usually was completed by 12 M. With this mere play-work they ~~have~~ made good crops which promised an abundance up to harvest;

which began in Sept. At this time heavy rains set in which con-
tinued till Oct. causing great loss, on all the plantations
a majority of which were being planted on Shares, the Freedmen
requiring advances from the planter. on their half of the Crop,
It was foreseen that the yield would be less than had been
anticipated, and the planters had to cease their advances, except
for the most necessary articles. This operated badly upon labour, which
has to be coaxed and petted into good behaviour most of the time,
by the Capital employing it. This diffaculty could be obviated
in a measure, but another one arose not so easy to deal
with. As it seemed likely there would only be about rice
Enough to pay the debt due the planter, from the Freedmen, and
~~induced by what has~~ a system of pilfering began, which
has
^ increased rapidly, 'till it has assumed vast propor-
tions. The opinion that the Demoralization among the
Freedmen was general, was accepted, with hesitation,
but has settled into a conviction. ^ The opportunities
to commit these depredations were innumerable, the temptation
strong, risk of detection slight. This conduct during the
past month has been most rascally. (I refer particu-
larly to the rice hands.) It may appear idle to mention it,
but some fears are entertained that an insurrection was
contemplated at Christmas among the Satilla river people. ~~who~~
They are however intimidated by the presence of troops near
Jeffersonton, & nothing may be attempted, but it is thought
best to keep the present force there till June. I am
warned by a Colored man this morning, that the people
on the Attamaha contemplate mischief of some
sort, about Christmas time, to prevent which

Every Effort will be made.

Northern Capital is leaving this section, quite discouraged in its attempts to make proffits with this Kind of Labour - and with the protection it receives from the Civil law.

GENERAL REMARKS.

Very few complaints have been entered by Employees against Employers, at the yearly settlement of accounts, and there seems to be generally fair dealing towards the freedmen, who have given themselves to the enjoyment of the holidays for the last half month with characteristic imprudence and good nature, leaving new contracts to be made after the old ones expire. Many of the large landowners are endeavoring to get their former slaves back upon their estates, believeing it will be to their mutual advantage - in which opinion I concur.

III. Average rate of wages per month ? —

GENERAL REMARKS.

Settlements between Employers and Employees for the labor performed last year have been generally made — With the expiration of the years Contracts labour became unsettled and as yet it refuses to employ itself — Those Freedmen who made and saved a portion of their wages are most careless of the future and many will not return to their work while provisions last, lured in the "barrens" and hunt or worse — Capital upon the Rice or Farms is not is not offering quite so liberal wages as last year for the same amt of labour, but wages are such as the industrious man can make a fair Subsistence. A system of payments weekly for the amount of work performed is being introduced among those Planters who can control cash, which will be an advantage to both parties it is believed as it will save running accts of 12 mo. time and lengthy Contracts — Neither party seem to desire to bind themselves by Contracts so generally as heretofore — Upon the whole the year opens with a fair understanding on the part of the Freedmen that he must work or on the part of the Planter that he is dependent upon this Labour — The latter feel more anxiety than the former.

II. Number of Employees included in the above contracts, None

III. Average rate of wages per month,

GENERAL REMARKS.

There has been a decided improvement among the Freedmen during the past month in regard to labour. On all the Rice Farms they have set to work diligently, some for monthly wages, others at certain sum per task, others renting the land, and money for a share of the crop. On St Simons & Sold parties Freedmen have leased tracts of land quite extensively, in parcels varying in size from 10 to 35 acres in contract to remain from year to year as tenants, praying for acre in kind a certain amount and have made more progress with preperations for planting than any others have yet been able to do around them, proof that these people have begun to realize faintly the necessity of continued exertion. Without attempting to predict from the conduct during the past month of either White or Colored any thing for the coming year, it is yet gratifying to note that new energy seems to possess them both from which only good and profitable results will accrue.

II. Number of Employees included in the above contracts, 121

GENERAL REMARKS.

The majority of the Freedmen are working by the month for wages, but a few for a share of the crop. The terms are one half at the end of each month, the remainder at the end of the year. If they break their contracts and stop work before the end of the year they forfeit all that is due them The planters are compelled to use this protection in order to secure the services of the laborers when most needed.

The plantation freedmen are so ignorant they cannot understand that they will not realy recieve as much, to work during the busy season at advances ratis and then lay idle the remainder of the year, as they do to remain at one place at one price the whole year. Their intellects do not appear to have the capacity to provide for more than the wants of today and many of them would suffer for food even, if they were not supplied with rations by their Employers

GENERAL REMARKS.

There are gloomy apprehensions among Rice planters in the Satilla & Altamaha rivers, caused by the prospective ruin of all the rice down in March & Apl ~~[illegible]~~ from the unprecidented rise in those rivers from the heavy rains which fell in the Apl.

But the conduct of the Freedmen has been very good under the discouragements encountered. and the planters ~~[illegible]~~ hope to retrieve losses on late down crops. There is a decided improvement since a year ago, in the general Conduct of each party towards the other - and a far better understanding of their mutual relations under the new order of things - But little time, no more than seemed absolutely required for the purpose, was spent by the Freedmen at the Elections which passed off with apparent good feeling on the part of all -

A decided improvement in the industry of the Freedmen, as compared with a year ago, is manifest. Also in managing the new kind of labour by Employers. No complaints have been made of mistreatment for the past month, and very few of the non-payment of wages. Sir

I have the honor to present to you the following
case for investigation

Mary Cumming (col'd) states she has a daughter
named Philis Johnson about 17 years of age, who is
now living with a Mr. Collaway near Felton Station
Lee Co. Whom she tried to have come home with her
to St Simons Island Glynn Co. Ga., in June last but Mr
Collaway refused to permit the girl to leave

The child wishes to live with her parents who are
comfortably situated and well able to furnish her a good
home at St Simons Island

There is probably something due Philis for her
services at Mr C's which you will please see that she
receives, and is permitted to come to her parents by
Christmas or at as early a day as possible

If necessary you can obtain farther information in the case by inquiring of Dr. Pope. of Palmyra. Lee Co. or of Rev. Geo. Macauley of Albany

The Steamer Sylvan Shore which leave Savannah on Monday & Thursday each week at 8 Am. stops at St Simons Island in the evening

I have the honor to acknowledge the receipt of Check No 1431 on Merchants National Bank Savannah for $15.00 Salary of Anthony Wilson, Teacher at Elliotts Bluff Camden Co. for the Mo. of February 68

I visited this school last week and find it in a flourishing state. I opened a night school and have now about 8 scholars. I shall probably see him again before the close of the month.

I have spent eleven days in visiting the schools in Camden Co., and find them in a more prosperous condition than I expected. The trouble now being a lack of books suitable to the capacity of the majority of the scholars, as many of those furnished by the A.M.A. of John St. N.Y. are too difficult for their intellect to understand

Considering all the difficulties they have to contend against they are doing remarkably well and the prospects are very flattering

But they require constant urging to keep up their interest and to support the schools

I am instructed by Lt. Risley to inform you that claims for pay for services rendered by Ex Surgs to Freedmen by request of Bureau officers have never been received in this Sub. Dist.

The only way would be for you to send the claim through proper channels for the Approval of the Asst Comr and Surg. in Chief of this State

could not pay you the money without the instruction from the Asst Comr to do so.

Before the papers could pass through the proper channels, there probably would be nothing due Mr W. from the Bureau

This will be handed you by Mr H. Williams, the Lawyer of whom I spoke when I last saw you

He calls to investigate the case of Sarah Hopkins & the Will of Mr Black

He is a man in whom you can trust and who by his legal advice and assistance is ready to do the best he can for the freedmen

The only way I can see for Sarah is to let Mr Williams take the case and work it up the best he can. If he does take it she must trust to him and follow his advice without letting any other persons interfere

Respectfully returned through

Brunswick Ga. with the information that the Colony at Elliotts Bluff consists of ten (10) families (30 souls) & came to Elliotts Bluff Camden Co Ga the 30th of Dec 1866, where they have purchased about 700 acres of new land of East. Crab tree for $650.00 30% down balance in one year, Several are too old to work and one (Miles) has lost his hand by an accident at the Sawmill. Three of the men worked at St Marys Sawmill at 20$ pr. month to procure money to assist in paying for land, and are doing the same this year to finish the payment (150$ due) Their families remain and work with the Colony. Last year they fenced about 100 acres and cleared & planted 25 acres, As they had no stock all was done by hand, The Crops were light being about 150 bushels Corn 2000 lbs Fodder 75 lbs Sweet potatoes and 10 bush Peas. They plant about 40 acres this season. Crops look fair and they will raise sufficient to supply them comfortably this year. All work done by hand and the result of hard labor They intend this year to put more land under fence, and try and raise some stock which they have not been able yet to do. They have paid $650 on the Lease of 67 and owe $80 The records of this office show that of the 443 of Bruns mustered into Serv, 156 were forwarded by St. Marys with the Corn, the balance was from supplies sent to Camden Co. for gratuitous distribution.

for Glynn Co.

Sir

I have the honr to acknowledge the receipt of your communication respecting the case of Wm Drayton, (properly Wm S Drayton) and to state in reply thus the case is an extremely simple one — and these are the facts. On the 13th Sept. Drayton contracted & undertook a plantation hands on the Village Plantation, of St Simons Island from that date until Jany 1st 1848. for ten Dollars per month, rations, fuel, grounds. per Dollars use, in money or goods, at his option, to be paid at the end of each month — Contract & signature of Drayton, witnessed by Mr Peter Jones, Hotel Keeper, Charleston S.C. and Contract approved by Maj. Genl. Cate. U. S.A. Drayton came to the Village Plantation, St Simons Island, 21 Sept and work tolerably well until June 29th / 4 Months 9 days / when he left the Place, without Consent of his employer, & without the slightest Cause or provocation. for no harm but the desire of change — the Contract having been fulfilled in every respect on the part he looked his wages amounted to $43.36. and he drew $25. More than was agreed to pay him — Further the

Cost of transporting him to the Islands was. $15.50 -
to be paid by the employer in case he Repl his contract
in the law - As for a contract how to break his
contract & come without Cause, is in direct violation
of the regulations of the Bureau, and to employ
such a man liable to an offence against the laws
of the State of Georgia. Orator should be returned
at once to his employer and compelled to Repl
his contract - Such a request may be done.
I may further state that when he left, he came to
me and asked to have his name taken off the contract,
but as he could give no reason except that his "bro
Brothers son was dead" and he wanted to go to Charleston,
I refused to comply with his request -
The Fifteen Dollars per month are due at the termination
of his contract Jany 1st 1868. provided he shall have
performed his part of the Agreement - viz to work faith-
fully for his employer until that date - If he has
however been discharged & the contract be is on file
in this office -

Lieutenant-

As you requested, I have examined in the claims of Marston & Rose's hands on this Island, as far as was in my power the examination is not complete for the reason that Mr John Marston informed me that the Books of the Plantation are at Marston & Rose's store in Brunswick - However there appear about certain sums due the above hands, which as the year has closed, ought to be settled without delay - I respectfully suggest that Mr Marston be directed to examine the Books and determine the exact amount due each Freedman and that Marston & Rose be ordered to settle with them - I give below a list of the hands, with the amount after each name that was agreed by contract to be paid them by M & R. and admitted to be correct by Mr John Marston the Manager - the amounts are however subject

to deductions for last time & for goods furnished from the Store - and Admr see why the Balances should not be paid.

Dear Risley:

Yesterday, George Brown, came to me in regard to his being driven from his crop by David Brown. I told him to go back & go to work wherever he could find it & intend to write to the old man Brown, telling him that, he had better have the men whom he has driven off come back & go to work, for that now they have offered to fulfil their part of the contract they are entitled to the full benefit of it & that the Govt intends to see that they get all they are entitled to, so that whether he allows them to work or not, they will be secured in ~~their~~ the possession of their crop or its equivalent.

I am informed by Hummings, Cicero that Mr. William Williams, who is now at Brunswick has the note for $100, against T. D. Harrison which I have been directed by you to collect. Please get it & if you think that I will have time to attend to it before I am relieved send it to me.

The young man Brown who has just been

here informs me that the same T. D. Harrison recently administered 100 lashes to a young colored man in his employ & when the young man ran away & left him offered $ 100. reward for his return. The young man lives near Brunswick & the matter will undoubtedly be brought before you.

Harrison is a connection of the old man Brown & they with the Lang family have been in the habit of administering Justice in their own way, after the style in the good old Days for some time.

Dear Sir

About two years
ago I sold a mule in this
County to Mr J. D. Harrison -
who gave me his note for one
hundred ($100) dollars - and
he now declines to pay the
money - he relied upon my
inexperience in business
matters. He swindled me out of
the whole amount - I have taken
every possible step for its
recovery - I cannot get it - and
he I am not able - I have
consulted the Agent of F. H. B.
who gives me no satisfaction
whatever - my only course is
now to lay the matter before

you— I am certainly unwilling to
loose the money— and as you
are the guardian (abbettor) of
the people in general I hope
that— you will see that justice

brought to your honorable

to obtain the money thus
fraudulently withheld—

Sir.

I have just received Your letter. pertaining to My Claim against Anthony Wilson Freedman. You will respectfully inform Lieut. D. G. Risley. Sub. assist Comr. Brunswick Ga.
that I did not have any disigne in making out My Claim against said Freedman Wilson and presenting it to the Surgeon and chief of the Dist. or any other officer in the Heads of Your department. Anthony Wilson. said Freedman Was in the imploy of the Bureau. and was willing to allow me a portion of his pay. as part Compensation for My professional Services faithfully conferd On him. and I thought Lieut. Risley would assist me in the matter. as this Freedman Anthony Wilson. received My attention which he was not intitled to. and a Small Compensation was the

least that he could do in return.
I was informed by the
Commander of the Post Major
A. A. Cole, U.S.A. that I was not under any
Obligation to attend to any of they
Freedman without any Compensation
for the same, but I have never refused
to render all the professional assistance
within My Command to any, and all
of they Freedman who has applied to me
for help.

If Anthony Wilson is Notable
or willing to pay me a little for My Surgical
attention on him, of Course the matter must
end at this point. The means provided
by the Government has been ample ~~to pay~~
~~example~~ to pay for medical attention
on they Freedman. but I have never
Submitted My claims to go through
the proper channels. in order to get
My pay—

Attention is invited to the facts

1st That it does not appear that the applicants in this case are dependent upon the Government for support or that they are entitled to become so dependent.

2d That the application is not approved by the Assistant Commissioner for Georgia.

3d That although it is stated that the parties are "Refugees" - it is not apparent how the widow and Children of a deceased Seaman who died since his discharge from the U.S. Service, are Refugees in the sense which entitles them to consideration under the rules and regulations of this Bureau.

Your letter of Feb. 11th covering St. Simons; also of 13th covering Thompson; also indorsement of 20th covering Wilson, have been received. I have been absent nearly two weeks visiting schools; hence the delay in answering. Gen Lewis wrote you yesterday concerning the Island. I hope the conditions can be met. If not, cannot pay. I will pay for 3 or 4 months, $15. pr. month.

I had thought of writing you about Wilson's salary. I will pay him $15. for Feb.; but it seems to me that we can not afford to employ him unless his school fills up. Have him send his vouchers direct to me. Inclosed you will find check for his Jan. salary.

I hope much good will come from the Thompson matter, it will repay great effort.

I have the honor to inquire what provision have been or is intended to be made by the civil authorities for the support of paupers both white and colored in this county and to invite your attention to the fact that there are several white families entirely dependent upon charity and are suffering for assistance also numbers of aged people who must be provided for this winter

Being verbally requested by Mr Simmonth
agent of the Bureau of Refugees, Freedmen & Lands, to
make an endorsement on this Circular & to return it
to him I make the following

That the general supervision of all paupers is vested
in the Justices of the Inferior Court of each County.
That before the late War no provision had been made
by the Justices of the Inferior Court of this County, for the
as authorized by law, for pauper
season that none was required, that during the war and up
to the present year the Legislature of the State has made appro-
-priations for the relief of certain classes of the destitute, but the small
appropriation by the Legislature for this County for the present year has
been distributed, as I am informed, indiscriminately to the needy; that
since the receipt of this Circular (a copy of which I have furnish to each Jus-
-tice of the Inferior Court of this County) the Justices of the Inferior Court
of this County have not met in session and consequently have taken no ac-
-tion in what action they may hereafter take in regard to paupers I
am not sufficiently advised to state, but would remark that the Condition
of our County funds and the reduced circumstances of our people render-
-ing them ill able to bear heavier taxation than they now suffer under,
render the necessity of relief at present uncertain
